

## Driver's Education at Holly Springs High School

**Lead Teacher:** Mr. William Powell

**Basic information:** Students must be at least 14 years, 6 months old to take a Driver Education class. Students are required to complete 30 hours in the driver education classroom and 6 hours behind the wheel instruction. Driver education classes are scheduled throughout the school year, and during the summer. Behind the wheel driving is conducted after school between 3pm and 9pm, and from 6am until 9pm on Saturdays, during the summer and any time students are out of school. Students are driven by age, oldest called first, after completing the classroom phase of driver education.

Students are also required by the NCDMV and dropout prevention services to pass at least 3 of 4 classes at HSHS to obtain or maintain a learner's permit or a driver license. You may take driver education without meeting the 3 of 4 passing requirement; however, you will not satisfy the driver eligibility rules until you pass 3 of 4 classes.

**Summer Classroom Registration:** Registration for summer session will begin May 1, 2008. Dates for classes have not been determined and will be posted soon.
