The Holly Springs H.S. Science Department is equipped with innovative ways to guide students through the nature and real-world application of Science, Research, & Technology. Within a structured environment, students will have the opportunity to explore scientific principles and develop skills necessary for the various career pathways of their choice.

For those students with a focus on science careers, we have a very experienced staff of dedicated professionals eager to help students experience cutting edge science within and beyond the classroom. Each new year will bring more exciting opportunities, and we look forward to keeping Holly Springs students at the forefront of science, research, and technology.
